## Parkinson's Disease Treatment Developments Wednesday, September 30<sup>th</sup> 2009 11:00 a.m. to 2:00 p.m.

### Richard Karem, M.D.

Neurologist

Dr. Karem received his medical degree from the **University of California, Davis**, in Sacramento, California. He completed his internal medicine internship at **University of Nebraska Medical Center** in Omaha, Nebraska, and his neurology residency at **UCLA/Wadsworth VA Medical Center** in Los Angeles, California. Dr. Karem is an active member to **American Academy of Neurology** and the **American EEG Society**. When not seeing patients at his private practice in Redding, California, he enjoys backpacking, tennis, cross country skiing and flying with his private pilot's license.

### Joel Rothfeld, M.D., Ph.D.

Neurologist

Dr. Rothfeld received his medical degree from **University of Southern California, Keck School of Medicine**, in Los Angeles, California. He completed his internship at the **Veteran's Administration Greater Los Angeles Healthcare System Home**, and neurology residency at **University of California, Los Angeles**, in Los Angeles, California. He is in private practice in Chico, California.

### Daniella Giles, MPT, ATP

Daniella graduated with a Masters degree in physical therapy from **Loma Linda University**. Since that time she has focused her clinical development on treating clients with neurological disorders such as spinal cord injuries, traumatic brain injuries, strokes and Parkinson's disease. Daniella is a certified Assistive Technology Provider and is trained to identify various sources of technology that can assist clients so that they can remain independent with their daily lives. She has extensive experience in a variety of healthcare settings including: in-patient acute rehabilitation; home care; long-term care; and out-patient rehabilitation. Daniella currently practices at **The Rose Center for Rehabilitation** with an emphasis on neurologically involved clients.
